

Exclusive Half-day Workshop

Success Starts With You

Master the art of transformational leadership

In this bold and insightful workshop, experienced change agent, business leader, and author, Dr David Fraser, will strengthen your ability to lead yourself and others effectively and inspirationally in times of change and growth, bringing together the tangible and intangible dimensions each so vital to success—and yet so rarely brought together—and to hone the personal strength and belief on which it all depends. *Success Starts With You* will give you profound, actionable insights and strategies to:

- Shape the future of your organisation
- Lead in an enlightened and inspirational way
- Be influential even without authority
- Handle ambiguity with grace
- Be peaceful, effective, and resilient
- Achieve the success you desire

The session is also a chance to work on your specific issues and develop new, practical action steps to resolve them with unflinching insight from David and your fellow participants. It's an opportunity to gain advance, first-hand access to the key learning in David's new book *The Mastery of Leadership: Presence and Practice in Transformational Change*, recently reviewed as "incredibly relevant and thought provoking." This workshop is both complete in itself and the beginning of a journey. It will give you the building blocks to succeed at a new level, achieving business and organisational results easily, quickly, and with assurance.

Places available: 9 max, on this exclusive and individually-tailored workshop.

Venue: The Glasgow City Hotel, 36 Cambridge Street, Glasgow G2 3HN.

Date and time: Monday 23rd November 2015, 8.30 for 9am start, 1pm finish. Tea and coffee served.
